### DETAILED ACTION

1 A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114.

Applicant's submission filed on May 07, 2004 has been entered.

2 Claims 1-5 are allowed.

### STATEMENT OF REASONS FOR ALLOWANCE

3 The following is an examiner's statement of reasons for allowance:

None of the references cited in the information disclosure statements filed on May 07, 2004 and June 25, 2004, teaches or suggests the use of the oxygenated or non-oxygenated lubricant in the refrigerant composition or the method for replacing the refrigerant composition with a second refrigerant composition comprising fluorocarbon compounds, oxygenated lubricant and compatibilizers of lactone compounds as required in the instant claims.

Accordingly, the claimed subject matter as a whole would not have been obvious to one having ordinary skill in the art of refrigerant formulations and replacement processes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
